

ABSTRACT**FISHING HOOK HOLDER**

5

The present invention relates to a fishing hook holder 10. The fishing hook holder 10 comprises a holder part 12 for receiving a hook. The holder part 12 is arranged so that a hook can at least partially straddle it. The fishing hook holder 10 can be stored in a receptacle 30. The fishing hook holder 10 can be either removable from the receptacle 10 30 or fixed thereto. The fishing hook holder 10 and the receptacle 30 can both float.
